RECORD  
of  
DEATHS  
NORTH COVENTRY  
1826 - 1869

CONNECTICUT STATE LIBRARY

1929

This alphabetically arranged list of deaths in North Coventry, Conn., from 1826 to 1869 was based on cards made from a record found in a small paper covered book of 31 pages which was brought to the State Library by G.W.T. Blanchfield on September 20, 1928. It is not known who kept the record and doubtless errors exist

It is hoped that as errors are found notes will be entered in this book and on the cards which are included in the General Index of Connecticut Vital Records also in the possession of the Connecticut State Library

Hartford, Conn., February, 1929.
